PREFACE.

The By-Laws of the City of Hamilton were first Revised and Consolidated in the year 1852, by a special Committee of which the late James Cahill Esq., Police Magistrate, being a Councillor at that time, was Chairman.

The Second Revision and Consolidation of the By-Laws was made in the year 1869, by Thomas Beasley Esq., City Clerk.

In the year 1887, the By-Laws were again Revised and Consolidated by Geo. S. Papps Esq., LL. B., Barrister-at-Law, and were arranged by him in chapters, numbered 1 to 80 inclusive.

On the 27th of March last the undersigned was directed by the City Council to revise the By-Laws of the City, and he has now great pleasure in presenting this work to the Council. While doing so, he desires to say that he is under deep obligation to F. MacKelcan, Esq., Q. C., City Solicitor, for his able assistance and valuable advice throughout the preparation and progress of the work and to Thos. Beasley Esq., City Clerk for his suggestions and co-operation.

It was considered desirable to adopt the title "By-Law" rather than "Chapter" for each separate enactment and to submit practically a new set of By-Laws, commencing with number one (1) and ending with number sixty-eight (68), containing all the enactments of general application.

The appendix consisting of six parts contains:

1st.—By-Laws granting certain franchises to Street and Electric Railway Companies, The Bell Telephone Company and the Cataract Power Company.

2nd.—By-Laws granting bonuses to certain companies.

3rd.—By-Laws granting certain tax exemptions (the constant reference to which was considered a sufficient reason for reprinting them in full).

4th.—By-Laws of the Board of Commissioners of Police.

5th.—By-Laws and regulations of the Board of Governors of the City Hospital and of the Board of Managers of the Hamilton Cemetery.

6th.—Certain Acts of the Parliament of Canada and of the Legislature of Ontario, affecting the City of Hamilton or the interests of the Corporation.

The schedule of By Laws contains all By-Laws from number 1 passed in 1847 to number 1018 passed 31st July 1899, in the order in which they were passed, with a reference shewing whether they have been repealed or are effete or in force.

The Index has been made very comprehensive and embraces all the subjects contained in the work.

The undersigned, in submitting this work, trusts that it will be useful and convenient to the members of the Council, as well as to the general public.

Preamble.

BY-LAW 792.

ecutors, administrators or assigns, or some or one of them, should not before the thirty-first day of December, 1894, or within such further time, not exceeding one year, as the Municipal Council of the City might grant as thereafter provided for, have completed the said Iron Smelting works upon the lands thereafter described and have the same ready for operation with a capacity to turn out at least one hundred and fifty tons of pig iron per day, and should not then have expended thereon for the purposes hereinbefore mentioned the sum of at least four hundred thousand dollars; provided nevertheless that the said parties, their executors, administrators or assigns, should have the right to repurchase said lands, together with all plant, buildings, machinery and appurtenances thereon or thereto belonging, upon paying therefor within one year from the thirty-first day of December, 1894, the sum of \$35,000 with interest thereon from the date when the said lands were purchased by the City Corporation.

And whereas it was by said By-law further provided that the sum of \$40,000 mentioned in the second enacting clause thereof should be paid to the said Joseph J. Morehouse, James Morehouse, William V. Reynolds, William Foster, Jr., and Edward H. Thompson, their executors, administrators or assigns, by the delivery to them of debentures to that amount issued under said By-law, and bearing interest at four per cent. per annum, but that none of such debentures shall be so delivered to the said parties, their executors, administrators or assigns, or any of them, unless they should have before the thirty-first day of December, 1894, completed the said Iron Smelting works on the lands in the said By-law mentioned, and have the same ready for operation with a capacity to turn out at least one hundred and fifty tons of pig iron per day, and should then have expended thereon for the purposes in said By-law mentioned the sum of at least four hundred thousand dollars; provided, nevertheless, that if the said Smelting Works should be in active operation on and from the thirty-first day of December, 1894, with a capacity to turn out at least one hundred and fifty tons of pig iron per day, but the said parties should not by that date have expended for the purposes aforesaid the sum of four hundred thousand dollars, the Municipal Council of the City should have power by resolution to extend the time for the expenditure of the balance of said sum of \$400,000 for a further period not exceeding one year.

And whereas the said Joseph J. Morehouse, James Morehouse, William V. Reynolds, William Foster, Jr., and Edward H. Thompson have proceeded with the construction of the said Iron Smelting works and are carrying on the works towards completion as fast as possible, but by reason of unforeseen delays in procuring the necessary plant therefor, they have been unable to complete said works and

have the same ready for operation by the thirty-first day of December, 1894, and have asked for an extension of time for such completion until the thirty-first day of December, 1895.

BY-LAW 792.

And whereas the said Corporation have consented to grant such extension of time so far as they have power to do so under said By-law, upon and subject to the terms and conditions hereinafter contained :

Therefore the Municipal Council of the City of Hamilton enacts as follows :

1. The time for the completion of the said Iron Smelting Works and for having the same in actual operation with the capacity mentioned in said By-law shall be extended until the thirty-first day of December, 1895, and the said By-law shall in all respects be read and construed as if the said date were throughout the said By-law substituted for the thirty-first day of December, 1894, and the bonus of \$40,000 payable upon the condition that said works should be completed and in actual operation with the capacity mentioned in said By-law before the thirty-first day of December, 1895.

3. It is hereby declared that notwithstanding that the said sum of \$400,000 may not have been expended upon the said Iron Smelting works before the 31st day of December, 1895, the lands conveyed by the Corporation of the City of Hamilton for said Smelting Works and now held by the said Company, may be held by them freed and discharged from the condition that the same should revert to and become the property of this Corporation, if the grantees of the said lands, or their assigns, should not before the 31st day of December, 1894, or within such further time, not exceeding one year, as this Council might grant, have completed the said Iron Smelting works upon the said lands and have had the same ready for operation with a capacity to turn out at least one hundred and fifty tons of pig iron per day, and should not then have expended thereon the sum of at least \$400,000, provided the Company, or their assigns, shall have expended that sum thereon before the 31st day of December, 1896.

ONTARIO STATUTE.

An Act to Amend the Act respecting the highway and bridges over the Desjardins Canal.

Assented to 13th April, 1897.

Preamble.

WHEREAS by Chapter 73 of the Acts passed in the 37th year of Her Majesty's Reign, intituled "An Act respecting the Highway and Bridges over the Desjardins Canal," it was enacted that the highway and high level bridge leading over Burlington heights within the Corporate limits of the City of Hamilton, crossing the Desjardins canal by means of the said bridge, should, from and after the passing of the said Act, be permanently closed and cease to be a public highway for the space between lines respectively crossing the said highway at right angles thereto at the distance of one chain from the northerly and southerly termini of the said high level bridge, and that it should and might be lawful for the Hamilton and Milton Road Company to take down and remove the said high level bridge, and by fences, walls, or otherwise to close the said highway; and whereas it was also by the said Act declared that thereafter the duty and burthen of erecting, keeping and maintaining a safe and commodious bridge across the cut made through Burlington heights over the Desjardins canal with proper and efficient approaches thereto should be and were thereby imposed upon the Hamilton and Milton Road Company; and whereas in accordance with the terms of the said Act, the Hamilton and Milton Road Company named therein erected a bridge at a low level across the said cut made for the Desjardins canal and made proper and sufficient approaches thereto and have maintained such bridge up to the present time. And whereas by reason of the construction of the Toronto, Hamilton and Buffalo Railway across the roads leading to such low level Bridge, such roads have been rendered dangerous for public travel, and an order has been made by the Railway Committee of the Privy Council of Canada that the Toronto, Hamilton and Buffalo Railway Company shall build, at its own cost, a high level bridge over the Desjardins Canal for the purpose of connecting the highways leading over Burlington Heights at such high level, and thereby restore the highway closed by the Act hereinbefore recited; and it is further provided by the said Order that all the highways and toll roads of the said Hamilton and Milton Road Company on Burlington Heights, being the low level roads hereinbefore mentioned, are to be closed

Therefore Her Majesty by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:

1. After the payment of the said sum of \$60,000 to the Hamilton and Milton Road Company the highway and high level bridge leading over the Burlington Heights within the corporate limits of the City of Hamilton crossing the Desjardins Canal by means of the said bridge so far as the same have been closed by chapter 73 of the Acts passed in the thirty-seventh year of Her Majesty's reign, may be re-opened and re-established as a public highway.
